## DETAILED ACTION

### Claim Numbering

1. The applicant is advised that in the application as originally filed, there was no claim number
6. As a result, originally submitted claims 7-28 have been renumbered 6-27.

### Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-12 and 16-27, drawn to a method of filtering items based on a constraint filter and a recommendation filter, classified in class 707, subclass 3.
  - II. Claims 13-15, drawn to a method of optimizing a query plan, classified in class 707, subclass 5.

The inventions are distinct, each from the other because of the following reasons:

3. Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because the method of filtering items does not require the optimization of the query plan, and the method of optimizing a query plan has utility by itself. The subcombination has separate utility such as for optimizing the query plan of any application of multiple filtering or querying criteria.

Art Unit: 2177

4. Because these inventions are distinct for the reasons given above and the search required for Group II is not required for Group I, restriction for examination purposes as indicated is proper.

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).

6. In a telephone call to attorney Jim Boyle, the examiner was advised that the attorney preferred the restriction requirement be made in writing.
